

C. Earl Hunter, Commissioner

Promoting and protecting the health of the public and the environment.

TO ALL INTERESTED PARTIES

Notification of Public Notice

Enclosed are public notices issued by the SCDHEC Office of Ocean and Coastal Resource Management and the U. S. Army Corps of Engineers. All interested parties are allowed 30 days for major developments and 15 days for minor developments after receipt of the public notices to file written comments to the OCRM pertaining to the applications. Only those comments received within this period must be reviewed by the OCRM in processing the permit application. Any person wishing notification of the initial OCRM decision on any specific public notice must make written request within the designated review period for that public notice.

APPLICANT	PUBLIC NOTICE NUMBER	SUSPENSE DATE
Beaufort County Engineering	2008-2058-IIW-P	March 8, 2009

Written comments will be received on this public notice until March 8, 2009 at the address listed below. For further information please contact the project manager, **Kathleen Lamaker at 843 846-9400.**

PUBLIC NOTICE

CLARIFICATION

Beaufort County Engineering ~ P/N# 2008-2058-1IW-P

The Army Corps of Engineers placed the above project on public notice on November 21, 2008. OCRM did not place this project on public notice because additional information was required from the applicant. This notice is to clarify that OCRM is placing the above project on public notice February 6, 2009 and that the correct suspense date to have comments to OCRM is March 8, 2009.

Comments will be received on this public notice at the address below until March 8, 2009. For further information, please contact the project manager, Kathleen Lamaker at 843 846-9400.

Charleston, South Carolina 29403-5107

and the

S.C. DEPARTMENT OF HEALTH AND ENVIRONMENTAL CONTROL

OFFICE OF OCEAN AND COASTAL RESOURCE MANAGEMENT

1302 McMillan Avenue, Suite 400

Charleston, South Carolina 29405

REGULATORY DIVISION

Refer to: P/N #SAC 2008-2058-1IW-P

21 NOVEMBER 2008

Pursuant to Section 10 of the Rivers and Harbors Act of 1899 (33 U.S.C. 403), Sections 401 and 404 of the Clean Water Act (33 U.S.C. 1344), and the South Carolina Coastal Zone Management Act (48-39-10 et seq.) an application has been submitted to the Department of the Army and the S.C. Department of Health and Environmental Control by

**BEAUFORT COUNTY - ENGINEERING
c/o FLORENCE AND HUTCHESON, INC.
ATTN.: BARRETT STONE
POST OFFICE BOX 50800
COLUMBIA, SOUTH CAROLINA 29250**

for a permit to construct a highway in wetlands and waters of

MCCAY'S CREEK

at locations within a corridor that runs just south of U.S. Highway 278 from Burnt Church Road at the existing Bluffton Parkway (Phase 1) continuing for three miles to intersect back into U.S. Highway 278 near the Fording Island Road Extension in Beaufort County, South Carolina (Latitude 32.25100°, Longitude -80.84252° to Latitude 32.23454°, Longitude -80.80380°)

In order to give all interested parties an opportunity to express their views

N O T I C E

is hereby given that written statements regarding the proposed work will be received by both of the above mentioned offices until

March 8, 2009

12 O'CLOCK NOON, MONDAY, 22 DECEMBER 2008

from those interested in the activity and whose interests may be affected by the proposed work.

The proposed work consists of 10.3 acres of impacts to wetlands and waters of the U.S. for the construction of Phase 5A of the Bluffton Parkway. The impacts include 7.38 acres of freshwater fill, 0.46 acres of freshwater wetland clearing, 1.17 acres of freshwater wetland excavation, 0.46 acres of pond fill and 0.52 acres of critical area fill. The applicant is proposing mitigation for the freshwater impacts through the purchase of 83.4 mitigation credits at the

21 NOVEMBER 2008

Beaufort-Jasper Water and Sewer Authority/Beaufort County Mitigation Bank located along U.S. Highway 278 in the New River Great Swamp. The applicant also proposes mitigation for the impacts to critical area through the deduction of 6.5 credits from the Huspa Creek Mitigation Bank owned and controlled by the S.C Department of Transportation. The purpose of the project is to improve traffic flow within the vicinity of the project based on existing and projected traffic volumes.

NOTE: Plans depicting the work described in this notice are available online at www.sac.usace.army.mil and will be provided, upon receipt of a written request, to anyone that is interested in obtaining a copy of the plans for the specific project. The request must identify the project of interest by public notice number and a self-addressed stamped envelope must also be provided for mailing the drawings to you. Your request for drawings should be addressed to the

**U.S. Army Corps of Engineers
ATTN: REGULATORY DIVISION
69A Hagood Avenue
Charleston, South Carolina 29403-5107.**

The District Engineer has concluded that the discharges associated with this project, both direct and indirect, should be reviewed by the South Carolina Department of Health and Environmental Control in accordance with provisions of Section 401 of the Clean Water Act. As such, this notice constitutes a request, on behalf of the applicant, for certification that this project will comply with applicable effluent limitations and water quality standards. The work shown on this application must also be certified as consistent with applicable provisions the Coastal Zone Management Program (15 CFR 830). The District Engineer will not process this application to a conclusion until such certifications are received. The applicant is hereby advised that supplemental information may be required by the State to facilitate the review.

This notice initiates the Essential Fish Habitat (EFH) consultation requirements of the Magnuson-Stevens Fishery Conservation and Management Act. Implementation of the proposed project would impact 10.3 acres of estuarine substrates and emergent wetlands utilized by various life stages of species comprising the red drum, shrimp, and snapper-grouper management complexes. Our initial determination is that the proposed action would not have a substantial individual or cumulative adverse impact on EFH or fisheries managed by the South Atlantic Fishery Management Council and the National Marine Fisheries Service (NMFS). Our final determination relative to project impacts and the need for mitigation measures is subject to review by and coordination with the NMFS. Please note: Florence and Hutcheson submitted this project, on behalf of the Federal Highway Administration, to the NMFS in the spring of 2008. Florence and Hutcheson provided the Charleston District Corps of Engineers with a copy of a letter to the Federal Highways Administration from the NMFS dated June 13, 2008, concerning their review of an EFH assessment that included a request for revisions to the proposed monitoring plan.

The District Engineer has consulted the most recently available information and has determined that the project will have no effect on any Federally endangered, threatened, or proposed species and will not result in the destruction or adverse modification of designated or

21 NOVEMBER 2008

proposed critical habitat. This public notice serves as a request to the U.S. Fish and Wildlife Service and the National Marine Fisheries Service for any additional information they may have on whether any listed or proposed endangered or threatened species or designated or proposed critical habitat may be present in the area which would be affected by the activity, pursuant to Section 7(c) of the Endangered Species Act of 1973 (as amended). Please note: The applicant has submitted a threatened and endangered species report dated May 1, 2006, that was previously submitted to the U.S. Fish and Wildlife Service and reviewed under FWS Log No. 2006-TA-0657. The U.S. Fish and Wildlife Service provided a letter to the applicant's agent at the time, Ward Edwards, dated June 29, 2006, stating that the proposed action will have no effect on resources under their jurisdiction.

Pursuant to Section 106 of the National Historic Preservation Act (NHPA), this public notice also constitutes a request to Indian Tribes to notify the District Engineer of any historic properties of religious and cultural significance to them that may be affected by the proposed undertaking. Please note: A memorandum of agreement was developed between the Federal Highways Administration, The South Carolina Department of Transportation, The South Carolina State Historic Preservation Office, and the Catawba Indian Nation Tribal Historic Preservation Office which was signed by Beaufort County on September 19, 2007, the Federal Highways Administration on October 3, 2007, The South Carolina Department of Transportation on September 28, 2007, The South Carolina State Historic Preservation Office on October 5, 2007, and the Catawba Indian Nation Tribal Historic Preservation Office on October 22, 2007.

In accordance with the NHPA, the District Engineer has also consulted the latest published version of the National Register of Historic Places for the presence or absence of registered properties, or properties listed as being eligible for inclusion therein, and this worksite has a registered property or property listed as being eligible for inclusion in the Register. Please note: A memorandum of agreement was developed between the Federal Highways Administration, The South Carolina Department of Transportation, The South Carolina State Historic Preservation Office, and the Catawba Indian Nation Tribal Historic Preservation Office which was signed by Beaufort County on September 19, 2007, the Federal Highways Administration on October 3, 2007, The South Carolina Department of Transportation on September 28, 2007, The South Carolina State Historic Preservation Office on October 5, 2007, and the Catawba Indian Nation Tribal Historic Preservation Office on October 22, 2007. To insure that other cultural resources that the District Engineer is not aware of are not overlooked, this public notice also serves as a request to the State Historic Preservation Office to provide any information it may have with regard to historic and cultural resources.

Any person may request, in writing, within the comment period specified in this notice, that a public hearing be held to consider this application. Requests for a public hearing shall state, with particularity, the reasons for holding a public hearing.

The decision whether to issue a permit will be based on an evaluation of the probable impact including cumulative impacts of the activity on the public interest and will include application of the guidelines promulgated by the Administrator, Environmental Protection Agency (EPA), under authority of Section 404(b) of the Clean Water Act and, as appropriate, the criteria established under authority of Section 102 of the Marine Protection, Research and Sanctuaries

21 NOVEMBER 2008

proposed critical habitat. This public notice serves as a request to the U.S. Fish and Wildlife Service and the National Marine Fisheries Service for any additional information they may have on whether any listed or proposed endangered or threatened species or designated or proposed critical habitat may be present in the area which would be affected by the activity, pursuant to Section 7(c) of the Endangered Species Act of 1973 (as amended). Please note: The applicant has submitted a threatened and endangered species report dated May 1, 2008, that was previously submitted to the U.S. Fish and Wildlife Service and reviewed under FWS Log No. 2008-TA-0657. The U.S. Fish and Wildlife Service provided a letter to the applicant's agent at the time, Ward Edwards, dated June 29, 2008, stating that the proposed action will have no effect on resources under their jurisdiction.

Pursuant to Section 106 of the National Historic Preservation Act (NHPA), this public notice also constitutes a request to Indian Tribes to notify the District Engineer of any historic properties of religious and cultural significance to them that may be affected by the proposed undertaking. Please note: A memorandum of agreement was developed between the Federal Highways Administration, The South Carolina Department of Transportation, The South Carolina State Historic Preservation Office, and the Catawba Indian Nation Tribal Historic Preservation Office which was signed by Beaufort County on September 19, 2007, the Federal Highways Administration on October 3, 2007, The South Carolina Department of Transportation on September 28, 2007, The South Carolina State Historic Preservation Office on October 5, 2007, and the Catawba Indian Nation Tribal Historic Preservation Office on October 22, 2007.

In accordance with the NHPA, the District Engineer has also consulted the latest published version of the National Register of Historic Places for the presence or absence of registered properties, or properties listed as being eligible for inclusion therein, and this worksite has a registered property or property listed as being eligible for inclusion in the Register. Please note: A memorandum of agreement was developed between the Federal Highways Administration, The South Carolina Department of Transportation, The South Carolina State Historic Preservation Office, and the Catawba Indian Nation Tribal Historic Preservation Office which was signed by Beaufort County on September 19, 2007, the Federal Highways Administration on October 3, 2007, The South Carolina Department of Transportation on September 28, 2007, The South Carolina State Historic Preservation Office on October 5, 2007, and the Catawba Indian Nation Tribal Historic Preservation Office on October 22, 2007.
